

WIRELESS INTERNET CONNECTION FOR STUDENTS AND EMPLOYEES

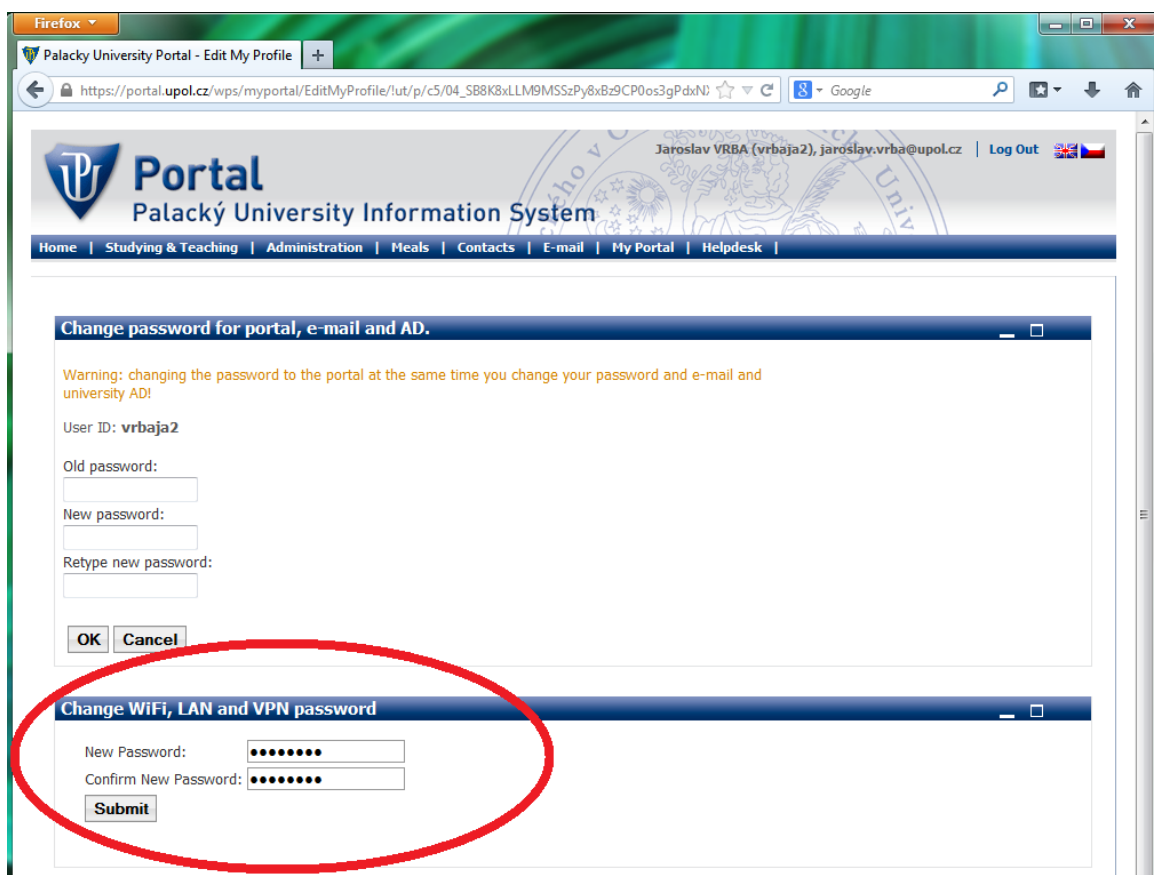

Access credentials to the network Eduroam UP

Wireless network: eduroam

Password: Students and employees of the university create own password by themselves. Login the university portal (portal.upol.cz). After login, look for “Edit My Profile” (top menu) where “Change WiFi, LAN and VPN password” is. Enter new password, confirm it and submit.

User ID: User ID for login to the Eduroam network is entered in the format: **name@domain**

User ID consists of your user ID for PU portal and domain, for example **perry01@upol.cz**. Beware, it is not you e-mail address!

The screenshot shows a web browser window displaying the Palacký University Information System portal. The page title is "Palacký University Portal - Edit My Profile". The URL is "https://portal.upol.cz/wps/myportal/EditMyProfile/ut/p/c5/04_SB8K8xLLM9MSSzPy8xBz9CP0os3gPdxdN". The user is logged in as Jaroslav VRBA (vrbaja2) with email jaroslav.vrba@upol.cz. The page has a navigation menu with links: Home, Studying & Teaching, Administration, Meals, Contacts, E-mail, My Portal, and Helpdesk. There are two main sections for password management:

- Change password for portal, e-mail and AD.** This section includes a warning: "Warning: changing the password to the portal at the same time you change your password and e-mail and university AD!". It shows the user ID as "vrbaja2" and has input fields for "Old password:", "New password:", and "Retype new password:". There are "OK" and "Cancel" buttons.
- Change WiFi, LAN and VPN password** This section is circled in red and contains input fields for "New Password:" and "Confirm New Password:", both masked with dots. There is a "Submit" button below these fields.
